

# Email spoofing

We have been informed by Federations members and other officials that they have received emails impersonating ECU President, Mr. Zurab Azmpaiparashvili from various email accounts.

If you receive a suspicious email and are uncertain of its validity, please ignore it and if you need any clarification please contact the ECU Secretariat. Do not respond to the message or provide any information until you confirm the legitimacy of the message.

Additionally as is known to all National federations, in connection and with the [serious criminal activity](#) before few years, ECU asks payments **only to its official bank account** in [Credit Suisse](#) according to its regulations and contracts.
