1 VISIT IS WORTH 1000 PICTURES
A magical blend of health, gastronomy, culture and the fragrances of the archipelago = the Island of Vitality
Lošinj... It’s the Island of Vitality for a reason!

The 125-year long tradition of health tourism is a valuable segment of our offer, and the combined fragrances of the dense pine forest, medicinal plants and sea salt aerosol create unique open air aromatherapy.

Ever since 1892 when it was declared a climatic health resort, Lošinj has been the place for treating respiratory distress. Inhale first quality air - feel the mild Mediterranean climate and the fragrance of the island!

CLIMATE AND HEALTH

With more than 200 sunny days a year, Lošinj is one of the sunniest regions in Croatia.

NATURE

With sea of high quality and first quality air, more than 200 sunny days a year and 1018 plant species of which 939 belong to indigenous flora, the island of Lošinj is an aromatherapy centre that encourages you to breathe as deep as you can.

Inhale the first quality Lošinj air and, with the fragrance of Lošinj plants abundant in essential oils and sea salt aerosol, relish in the unique open-air aromatherapy. Live and breathe life to the fullest!
Feel the trails, the sea, and the nature of Lošinj, join the adrenaline adventure and enjoy doing sports all year long. **Welcome to the private adventure where everything is just like you dreamt it would be...**
Let yourself indulge in the gastronomic delights! Check out the Lošinj cuisine, the aromatic specialities and join the Lošinj Cuisine Festival.

Lošinj cuisine is rich with flavours and aromas of the Mediterranean and the dishes are still prepared in the same way as they have always been - in the traditional way!

Experience the symphony of colours, aromas and flavours! Savouring the traditional island cuisine based on wild growing aromatic herbs and olive oil.

Apoxymenos’ Antique Cuisine - a fusion of Lošinj’s creative assortment of gastronomy and the gastronomy of ancient times.
The rich cultural heritage that dates back to ancient times has left its mark not only on the architecture but on the customs, stories, and legends. Don’t miss the chance to visit the Lošinj Museum (there are 3 locations on 2 islands) and the Museum of Apoxyomenos - a unique museum in the Mediterranean!

CULTURE AND APOXYOMENOS

Of the nine known variations of the Apoxyomenos prototype (the most famous one being the bronze statue in the Kunsthistorisches Museum in Vienna, discovered in 1896 in Ephesus), the Lošinj statue is the most complete and best preserved.
Numerous beaches and coves hidden in the Lošinj archipelago are enchanting with their diversity—discover the hidden gems of the Island of Vitality!
Explore the Lošinj archipelago and discover the little secrets of hidden places.

Discover the town of Veli Lošinj and its playful harbour, embark on a trip to the paradise beaches of the islands of Oruda and Palacol or the sandy island of Susak.

Discover the fragrant gardens of the island of Ilovik and the biodiversity of the island of Unije and become invigorated by the abundance of the depths of the sea near Srakan.

People from Lošinj were held in high regard for their skill in building sailing ships, and for being the best sailors in the Mediterranean.
